Click on a pic below to enlarge:

Oil tank (62475-83 ) was used from 1983-1993. The tank is painted black with a chrome cover.

There are four hose fittings with the forth being a drain hose that runs to the left side of the bike to a welded nipple under the battery tray.

The starter relay, E93< (31506-79B), >L93 (31504-91A) is attached to the rear of the oil tank with a #10-24 x 3/8" hex head screw and star washer.
