## DISPLAY RACK FOR LEATHERS

In August, at the Town Hall Meetings, we featured our new leathers and other garments on an adjustable chrome garment rack. Many dealers asked about purchasing the display rack for their dealerships.

I have contacted the display company and they would be happy to sell direct to the dealer. The part number of the rack in question is 42341, 4 arm rack with slant-arms. Approximate cost: \$53.50 each. All inquiries should be directed to:
