PAB1084: SOFTAIL BACKREST PAD IMPROVEMENTS

Purpose for Parts and Accessories Bulletin

To inform dealers of design improvements for the Compact Passenger Backrest Pads. Some of these pads can become loose resulting in the backrest pad slipping on theissy bar. The new backrest pads, designated with an "A" revision, have been redesigned to fix this issue.

Markets Affected

All markets are affected.

Summary / Affected Parts

Customers with backrest pads exhibiting this issue should replace the bracket with the new backrest pad bracket (Part No. 52300565A).

New backrest pad kits and brackets were available on March 4, 2019. Refer to Table 1.

Table 1. Affected Parts

Part No.	Description
52300555	Red Stitch Breakout Styling
52300556	Fat Boy Styling
52300558	Fat Bob Styling
52300559	Smooth Black Vinyl
52300617	Grey Stitch Breakout Styling

New kits will have an "A" revision while maintaining the same base part number (for example, 52300555A).

Reference Instruction Sheet J06509 for installation instructions.

Questions

Contact Technical Service with any concerns regarding application. Direct all other questions to the Dealer Services Representative.
