2020-05-15

NEW DOT 4 BRAKE FLUID PART NUMBERS

Purpose for Parts and Accessories Bulletin

The purpose of this bulletin is to provide dealers an updated listing of replacement DOT4 brake fluid part numbers for future reference in order procurement.

Summary

Due to labeling compliance needs, the current DOT 4 brake fluid part numbers have been revised specific to Region requirements. This will be a running change and as each of the Stock Keeping Unit (SKU) are depleted within Harley-Davidson inventory, the **new** part numbers will then be available to order. Because some of the part numbers have not changed, this change may be transparent to some dealers. Refer to Table 1.

Use this bulletin as a reference to ensure that the dealer is ordering the correct regionally labeled bottle when ordering future product. The transition to the new SKU's will begin in June.

Table 1.

| Current Part No. | Description | New Part No. | Description |
|------------------|--|--------------|---|
| 41800770 | Platinum Label Dot 4 US, Mexico, South America (Except Brazil) | 41800770 | Platinum Label Dot 4 (English, Spanish) |
