## FOOTREST CHAIN PROTECTOR 1982 XL MODELS

### General

The footrest chain protector, Part No. 50943-82, is designed to prevent contact between the final drive chain and passenger footrest bracket on 1982 XL model motorcycles.

### Installation

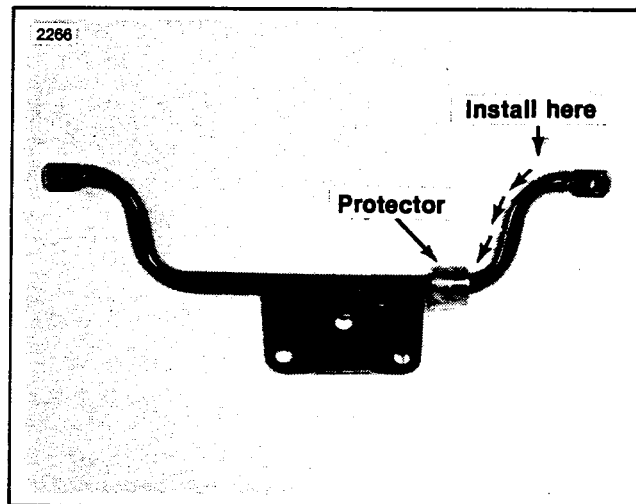

#### NOTE

*It is not necessary to remove bracket from motorcycle.*

1. See illustration. Using channel locks, install protector on the footrest bracket behind the passenger peg.
2. Locate protector on bracket as shown in illustration. Open section faces the swingarm. This will prevent rotation of the protector.

#### NOTE

*Protector conforms to bracket configuration and is self-retaining.*

Footrest Chain Protector

### WARNING

If it is necessary to remove protector, be extremely careful to keep it from springing off bracket during removal resulting in possible personal injury.
