General

Late production 1999 Sportster and Buell engines use the model year 2000 gearcase cover and gasket. If the cover is removed and re-installed, care must be taken to install the correct gasket, or oil starvation can occur. The 2000 gasket (25263-90C) **MUST** be used with the 2000 style gearcase cover.

**NOTE:**

The 2000 gasket (25263-90C) can retrofit cam covers to 1991.

**CAUTION**

If a 25263-90B gasket is installed on a 2000 style gearcase cover, oil starvation can occur to the top end. Oil starvation can result in engine damage.

V.I.N. Range

Model Year 1999 XL Motorcycles with engine numbers XX99-158-XXX to XX99-176-XXX have the 2000 cam cover and must use 25263-90C.

**NOTE:**

The XL engine gasket kit 17026-91B has superceded to 17026-91C. The 17026-91C gasket kit contains the 25263-90C cam cover gasket.
