Purpose
Harley-Davidson has determined that a condition affecting motor vehicle safety exists on certain early production 2008 Dyna model vehicles with catalytic mufflers. These motorcycles were built and shipped to California without the catalytic muffler protective heat shield installed. This condition could allow direct contact with this muffler and cause an injury. If contact occurs while riding, it could cause loss of control of the motorcycle, leading to injury or death.

In the interest of motor vehicle safety and customer satisfaction, Harley-Davidson has elected to initiate a voluntary recall (0133). Recall 0133 consists of installing the missing exhaust shields on both mufflers. You may sell but not deliver any affected motorcycles to your customers until the remedy is completed.

Motorcycles Affected
This recall applies to all 2008 Dyna FXD, FXDC, FXDL, FXDB, and FXDWG model motorcycles intended for the California market; built from 7/03/07 through 9/06/07. A VIN list specific to vehicles shipped to your dealership is available via h-dnet.com and is no longer attached to mailed bulletins. This list may be found by following this path:

h-dnet.com/Service/SafetyCampaign and Product Campaign/SafetyCampaign and Open VIN lists. Select 0133 campaign to view VIN list.

NOTE
If the vehicle does not appear on your dealer VIN list, refer to Safety and Product Campaign History by VIN link to verify if vehicle is affected.

Customer Notification
In accordance with Federal regulations administered by NHTSA, Harley-Davidson Motor Company, Inc. will provide notice to all owners of record of affected products with direction to bring the vehicle in for the recall service.

To protect the safety of our riders, it is our mutual responsibility to ensure the recall service is performed on all affected motorcycles. Therefore, we strongly urge you to perform the recall service even if the motorcycle was not purchased from your dealership.

You are also required to perform the recall service on all affected vehicles in your dealership inventory prior to delivering, renting or leasing those vehicles.

If you are not sure that a safety recall has been completed on a particular motorcycle, check the recall records available on TALON and h-dnet.com.

IMPORTANT NOTE
Because only registered owners will receive notification from us, we request that you contact any owners of vehicles that your records show as unregistered. Advise them of the safety recall and make arrangements for them to come in for recall service. We also require that you provide us with their names, addresses and V.I.N.s as soon as possible to enable us to mail them an owner’s letter, as required by the National Traffic and Motor Vehicle Safety Act (as amended).

Kit Ordering Information
The only wave shipment of recall kits (Part No. 94593) will begin the week of November 19, 2007. Faxed orders will be accepted beginning the week of November 26, 2007.

All kits will be shipped no charge, transportation paid via UPS1.

If additional kits are needed, fill in the attached order form and fax it to the Warranty department at 414-343-8346. You must include VIN number, your dealer name, and dealer number.

NOTES
• Upon completion of the recall on any vehicle, please be certain to follow the instructions listed under “Credit Procedure” and submit your recall claims promptly.
• You must have submitted claims for 75% of the kit quantities that have been shipped to your dealership, before additional orders will be processed.
Required Dealer Action

Inspection
If the vehicle is equipped with original mufflers that do not have the shields installed, proceed to the installation instructions.

If the recall is unable to be performed due to non-original exhaust components, file the proper claim recommended under Credit Procedures.

Install Exhaust Shields
Refer to the 2008 Dyna service manual (Part No. 99481-08), which contains instructions on performing the required procedure, and install heat shields to mufflers.

<tr>
<td>Customer Concern Code*</td>
<td>0133</td>
</tr>
<tr>
<td>Condition Code</td>
<td>9982</td>
</tr>
</tbody>
</table>

* These new codes may need to be downloaded into your system.

** Reimbursement for inspections will only apply to vehicles which have not been previously inspected and/or remedied under this recall, based on vehicle’s campaign status on h-dnet or TALON.

Upon the timely receipt and processing of the recall claim, for vehicles with non-original components or inspection indicating the exhaust shields have already been installed, but h-dnet indicates the recall is still open, you will be credited 0.1 hour of labor plus appropriate administrative time. The recall record will be updated.

NOTE
Each vehicle recall completion must be filed on an individual claim. Please do not submit additional warranty events on these claims.
Credit Procedures for all other Warranty Claim System Users
For each vehicle serviced, file a claim supplying all necessary information as follows.

Correction Only Required

- Dealer Number
- Repair Order Number
- Claim Date
- Product Campaign (0133)
- Fix I.D. (C) - New inner exhaust shield installed
- Full seventeen-character V.I.N.

Upon receipt and processing of the transmitted information, you will receive appropriate credit for your market, including 0.2 hour labor, plus appropriate market administrative time.

Unable to Perform Recall Due to the Installation of Non-Original Exhaust Components

- Dealer Number
- Repair Order Number
- Claim Date
- Product Campaign (0133)
- Fix I.D. (U) - Unable to perform recall
- Full seventeen-character V.I.N.

Upon receipt and processing of the properly completed recall claim information, you will receive appropriate credit for your market, including 0.1 hour labor, plus appropriate market administrative time.

Inspection Revealed That Inner Exhaust Shield Already Installed

- Dealer Number
- Repair Order Number
- Claim Date
- Product Campaign (0133)
- Fix I.D. (I) - Inspection only
- Full seventeen-character V.I.N.

Upon receipt and processing of the properly completed recall claim information, you will receive appropriate credit for your market, including 0.1 hour labor, plus appropriate market administrative time.

NOTE
Each vehicle recall completion must be filed on an individual claim. Please do not submit additional warranty events on these claims.
