Purpose of Revision
This bulletin will provide corrected date range for the 2009 model year motorcycles. Be sure to confirm the motorcycle is involved and that Campaign 0139 is open before beginning repair.

Purpose
Harley-Davidson has determined that a condition affecting motor vehicle safety exists on model year 2008 FLSTSB, model year 2008 FXSTSE2, and model year 2009 FLSTSB and FXSTSE3 vehicles built prior to March 27, 2009.

The acorn stud at the brake reaction link on the models listed above that were shipped before April 1, 2009 may fall out during use. If this occurs, the front brake and fender assembly would no longer be adequately retained.

This could result in a crash, which could cause injury or death to the rider.

In the interest of motor vehicle safety and customer satisfaction, Harley-Davidson has elected to initiate a voluntary recall (Campaign 0139) to remedy this defect. As required by law you may sell but NOT DELIVER any affected motorcycles to your customers until the recall is performed.

See Required Dealer Action to perform the recall service.

Motorcycles Affected
This recall applies to model year 2008 FLSTSB, model year 2008 FXSTSE2, and model year 2009 FXSTSE3 and FLSTSB vehicles built prior to March 27, 2009. A VIN list specific to vehicles shipped to your dealership is available via h-dnet.com and is no longer attached to mailed bulletins. This list may be found by following this path:

h-dnet.com/Service Toolbox/Safety Campaign and Open VIN lists. Select 0139 campaign to view VIN list.

NOTE
If the vehicle does not appear on your dealer VIN list, refer to Safety and Product Campaign History by VIN link to verify if vehicle is affected.

Customer Notification
In accordance with Federal regulations administrated by NHTSA, Harley-Davidson Motor Company, Inc. will send a letter to registered owners of affected products in the United States notifying them of this safety-related condition and instructing them to contact their dealer for the replacement service. A sample of the customer letter is attached. Customers outside the United States market may not receive this notification.

To protect the safety of our riders, it is our mutual responsibility to ensure the recall service is performed on all affected motorcycles. Therefore, we strongly urge you to perform the recall service even if the motorcycle was not purchased from your dealership.

You are also required to perform the recall service on all affected vehicles in your dealership inventory prior to delivering, renting or leasing those vehicles.

If you are not sure that a safety recall has been completed on a particular motorcycle, check the recall records available on TALON and h-dnet.com

IMPORTANT NOTE
Because only registered owners in the United States will receive notification from us, we request that you contact any owners of vehicles that your records show as unregistered. Advise them of the safety recall and make arrangements for them to come in for recall service. We also require that you provide us with their names, addresses and V.I.N.s as soon as possible to enable us to mail them an owner’s letter, as required by the National Traffic and Motor Vehicle Safety Act (as amended).

Kit Ordering Information
An initial wave shipment of P/N 94745 was made the week of June 8, 2009. A second and final wave shipment was made the week of June 22, 2009.

If additional kits are required, fill in the attached order form and fax it to the Warranty department at 414-343-8346. You must include your dealer number. All kits will be shipped no charge, transportation paid via UPS1.

Upon completion of the recall on any vehicle, please be certain to follow the instructions listed under Credit Procedure and submit your recall claims promptly.
Required Dealer Action

1. Confirm motorcycle is involved and that Campaign 0139 is open.
2. See Figure 1. Support brake reaction link (2) and remove acorn stud (3) and washer (5). Discard acorn stud (3). Retain washer (5).
3. Install new acorn stud, supplied in kit, and washer (5) through caliper bracket (4), brake reaction link (2), and front fender (1). Tighten acorn stud to 35-40 ft-lbs (47.5-54.3 Nm).

Credit Procedure - Talon/h-dnet.com/Lightspeed Warranty Claim Users

For each vehicle serviced, file an electronic recall claim using the table that follows.

Credit Procedure - All Other Warranty Claim Users

For each vehicle serviced, file a claim supplying all necessary information as follows:

- Dealer Number
- Repair Order Number
- Claim Date
- Campaign Number (0139)
- Fix ID (C) - Corrected
- Full Seventeen Character VIN

Upon receipt of the properly completed recall claim, you will be credited for labor time for performing the recall procedure plus appropriate market administrative time. The recall record will be updated. Each vehicle recall completion must be filed on an individual claim. Please do not submit additional warranty events on these claims.

Hold all replaced parts for 60 days from date credit issued for possible field inspection and/or request for return to factory. After 60 days, destroy and discard the parts.

June 5, 2009

Dear Harley-Davidson Motorcycle Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect which relates to motor vehicle safety exists on certain model year 2008 and 2009 FLSTSB, model year 2008 FXSTSSE2 and model year 2009 FXSTSSE3 motorcycles manufactured May 22, 2007 through March 26, 2009 and shipped on or before March 27, 2009. The acorn stud at the brake reaction link on these motorcycles may fall out during use. If this occurs, the front brake and fender assembly would no longer be adequately retained. This condition could lead to a crash and potential injury or death to the rider.

Our records indicate that you purchased one of the affected motorcycles.

**We strongly urge you to contact your dealer to make arrangements to have the appropriate service performed as soon as possible.**

Please contact your Harley-Davidson motorcycle dealer immediately and arrange an appointment to have your motorcycle repaired. Actual dealer labor time to perform this service will be less than one hour; however, due to scheduling, the dealer may require your motorcycle for a longer period of time. The parts and labor will be free of charge to you.

To verify that the service has been completed, your dealer will ask you to sign a recall claim. If you have sold your motorcycle, please forward the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall. Also, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you have had this defect repaired before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with
this recall. For more information contact Harley-Davidson at 1-414-343-4056. Should you choose to ride your motorcycle prior to this service, we urge you to be aware of this condition.

If you take your motorcycle to your dealer on a mutually agreed upon date and they do not perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at the address or telephone number listed on this letterhead. If your dealer or Harley-Davidson Motor Company, Inc. fails or is unable to remedy your motorcycle without charge within a reasonable time, you may wish to inform the Administrator, The National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or contact NHTSA at http://www.safercar.gov.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.
