[TC Bros Mids \(102-0077\)](#) - \$250:

(click on the link above for a video and PDF installation instructions)

Bolt on mid controls made in USA.

Designed to fit all 883 and 1200 Sportster 5-speed models produced from 1991-2003.

Hardware and mounting instructions included.

### Features:

- CNC machined 6061 aluminum folding foot pegs with non-slip knurled finish.
- Precision fit bronze bushing pivots.
- TIG welded mounting brackets with black powdercoat finish.
- Foot position is the same as a set of OEM Harley mid controls.
- Replacement parts and tech support after the sale.

### Review: <sup>2)</sup>

- I am extremely happy with the purchase.
- Shifting is super-crisp and direct.
- The material is awesome and the finish as well.
- All fits perfectly, nothing is missing - super awesome!
- I find the price to be super fair.
- Installation was super easy at app. 3 hours not being in a hurry.

These were purchased to replace the forward controls on a 2001 1200C.

The forward pegs were left on with the installation of the mids.
