**P & A Fan Kit Fitment**

The 2007 Parts and Accessories catalog incorrectly states that Touring model fan kits (part #'s 91550-00C and 91531-00D) fit "1997 and later models".

Please revise your catalogs to read "fits 1997 – 2006 fuel injected FLHT and FLHR models"

The revised fitment is due to changes in the powertrain of 2007 models; currently we do not offer a fan kit for 2007 models. Dealers will be notified when a kit for 2007 models is available.
